

# Submission Guidelines

The workshop will consist of invited talks, contributed talks, and a poster session. Contributors can choose a preferred presentation type from “Oral only”, “Poster only”, or “Oral or Poster”. A submission of the “Oral or Poster” type will be reviewed as an oral presentation and if it is not accepted as an oral presentation, it will then be reviewed as a poster.

Authors of accepted papers for oral presentations or a poster session should prepare a final extended abstract (at most two pages on A4 paper using at least 11-point fonts) to be included in the workshop abstract book. Please submit the abstract by December 20, 2007. The format is the same as the format for oral/poster submission and is available at the TQC web site.

A selection of accepted papers for oral presentations will be published in the post-proceedings by Springer in the Lecture Notes in Computer Science series.
